AFFIDAVIT OF NICOLE A. RESSUE UNDER 37 C.F.R. §1.47

COUNTY OF LARIMER)

RECEIVED
OCT 21 2005
OFFICE OF PETITIONS

I, Nicole A. Ressue, a resident of Fort Collins, in the County of Larimer, and State of Colorado, duly sworn and under oath, declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true.

I have made the following actions in an effort to have the papers related to the above-captioned application (including specification, claims, drawings, and a Declaration having a signature blank for Allison C. Lindsey, the nonsigning inventor) presented to Allison C. Lindsey, for signature as follows:

On January 21, 2005, at my direction a copy of all application papers was forwarded via email to both inventors at email address ALindsey@lccc.wy.edu, her last known e-mail address, and jschenk@xyinc.com. (See Exhibit 1).

On April 19, 2005, I sent a letter to Ms. Lindsey which again included a copy of all application documents (including specification, claims, drawings, and a Declaration having a signature blank for her) using USPS Priority Mail Signature Required. (See Exhibit 2). The USPS records show that this letter was received and signed for by A. Lindsey on April 29, 2005. (See Exhibit 3). I did not receive any communication from Ms. Lindsey.

On October 14, 2005, I conducted a telephone call with Ms. Lindsey in which Ms. Lindsey requested that I re-send her the Declaration and application (including the specification, claims, and drawings). Pursuant to her request, I sent those documents to Ms. Lindsey via email address ALindsey@lccc.wy.edu. (See Exhibit 4.) During our phone

conference, Ms. Lindsey would not agree to sign the declaration since she was no longer an employee of XY, Inc. however; she stated that she would review it.

On October 17, 2005, I spoke with Ms. Lindsey via a telephone call. At that time, Ms. Lindsey stated that she would not sign the declaration at this time.

Accordingly, it is my knowledge that Ms. Lindsey has refused to sign the declaration.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

DATED this 17 day of October, 2005.
